

CURRICULUM VITAE

Mohsen Shaterian

Professor of Human Geography

Office address

University of Kashan, Ghotbe Ravandi Blv,
Kashan, Iran.
Postal code: 8731753153
Tel: +98-5591-3221
Email: shaterian@kashanu.ac.ir

Nationality: Iranian

Date of Birth: 1964

Gender: Male

Marital Status: Married

EDUCATION

1975- 1999

PhD; Human geography, Sergey-puntuaz University, Paris, France

PhD project: : Mutation géographiques dans Liran central l'exemple de kashan et sa région

1990-1996

(1): MSc; Land use planning, Sorbonne University, France

Master's research: "Evolution démographique des marges occidentales du desert iranien entre Gom et Yazd"

(2): MSc; Human geography, University of Tehran, Tehran, Iran.

1984-1990

BSc; Human geography, Shahidbeheshty University, Tehran, Iran.

TEACHING AND RESEARCH EXPERIENCE

Preliminary analysis of population

Preliminary analysis of population

Law and municipal law

Sociology of Leisure

Geographical theories and schools

Nature and City in Islamic teachings and culture

Rehabilitation and renovation of old urban

Social and economic issues Population

EXECUTIVE RESPONSIBILITY

1992-1995

University President: Khansar Payam Noor university, Isfahan, Iran

2001-2005

Director of the Department of Geography: University of Sistan and Baluchestan, Iran

2011-2013

Vice Chancellor for Education Faculty of Humanities: University of Kashan, Kashan, Iran

2013-2014

Director of the Department of Geography and Urban Planning, University of Kashan, Kashan, Iran

2013-2014

Vice Chancellor for Education Faculty of Natural Resources and Earth Sciences, University of Kashan, Kashan, Iran

2014-2020

Head of the Department of Natural Resources and Earth Sciences, University of Kashan, Kashan, Iran

2014-2020

Advisor to the university president and head of the Office of the Head University of Kashan, Kashan, Iran

SUPERVISOR POSTGRADUATE THESIS

Mohammadzadeh, Sh:

The effects of tourism on urban land use study Babolsar.

Saeadikhah, A:

Evaluation of urban facilities and equipment (post Contacts - fire) and locate them in the context of the old and new city of Mashhad.

Sadeghzadeh, M:

The trend of population growth and its role in spatial developments and bottlenecks city of Zahedan.

A. Najafzadeh

The role of demographic trends in the development of space - physical Islamabad West in the past half century.

A. Soleymanimazar

The role of demographic trends in spatial development Gonabad.

M. Babaie

The role of small towns in the spatial distribution of the population of Sistan and Baluchestan Province.

E. Sakeni

Factors affecting the physical development based on locations of uneven Kashan and its relevance and providing the necessary solutions.

M.Rouhani

Identify hot spots of urban and spatial analysis using geographic information system GIS in Kashan.

A.Akbari

Comparative Study of Leisure Time citizens between zones one and twenty (uptown and downtown)
Study leisure-informal settlements citizens in Tehran.

Z.Mahdavi

Effect of Islamic life style consumer culture in the city of Khorramabad Social and cultural factors influencing leisure time activities among youth 18 to 30 years (Case Study: Region 1 Esfahan).

M.Mirzakhani

sexuality and leisure in the areas of urban life (Case Study: Kashan).

B.Karimi

Cultural and social aspects of migrant workers and its impact on sustainable development in Kashan.

M.Khorasanizadeh

Damage the social, cultural and economic margins and provide practical strategies and solutions (Text in the Kerman).

Sh.Aghabozorgi

The study patterns of leisure time among the citizens of Zabul.

Sh.Asadi

Study of factors that increase the age of marriage for girls Kashan.

Kh.Keykha

Spatial analysis and prioritization of areas of the city of Arak.

F.Balakhaneh

Spatial analysis ecotourism tours of the city of Damavand.

S.Ghadiri

Identify factors affecting the development of ecotourism in the rural area of linseed-Kashan using techniques DEMATEL.

Sh.Akbari

The development of endogenous worn tissue using a smart growth approach (Case Study: Borazjan).

Z.Montaseri

Check image local residents on development of tourism in the city of Aran and Bidgol.

H.Bagherzadeh

Identify factors influencing entrepreneurship ecotourism (case study: Maranjab).

M.Kiyani

Tourism Impact Assessment of second homes (case study: the Ghamsar).

P. Zoormand

A comparative study of domestic foreign tourists' attitude toward culinary tourism (Case study: Isfahan).

M.Tavakoli

Space Tourism Development Authority to analyze the effects of the river on the city Chadegan.

M. Zarei

Reviews and pathological conditions leisure parks and gardens in the city and provide solutions to improve and develop it.

S.Shahmoradi

Analysis of the potential impacts of tourism in the creative city (Case Study of Kermanshah).

M. Shahin

Assess the role of tour guides on Sustainable Tourism Development (Case Study: The Iranian tourist guides).

J. Raoufinejad

Evaluation of Nvshrsazy in the central neighborhoods of the city of Kashan.

M.Sangsefidi

The effects of changes in land use and cover on urban heat islands Branch.

A.Nazari

Assessment trails in the mountain resort areas in order to provide a model for developing hiking routes Ilam.

Z.Moembeyg

Comparative and identify factors affecting the physical development and land use changes in Afghanistan and Iran (Case study: the cities of Herat and Kashan).

M. Biglari

The effects of social inequality - economic accessibility and quality of green spaces (Case Study: Kashan).

A. Alibeygi

Assessment of urban furniture and its relationship with citizens' satisfaction, improving the quality of urban environment and tourism development (Case Study: Kashan).

E.Taddayon

Evaluate and identify the components of urban prosperity (Case Study: Kashan).

M.Faraji

Evaluate and analyze the components of habitable city of Kashan.

H.Dalvand

The livability of urban spaces that reflect the resilience and environmental quality of life with emphasis on transport and energy indices in peace.
